METALLIC PARTS STAMPING · SERIAL PARTS CNC MACHINING
STAINLESS STEEL ACCESSORIES · FITTINGS FOR WOOD DECKS

About Us

Through milling processes, turning and we are dedicated to producing precision parts and metal parts obtained by cutting and sheet metal stamping intended primarily for electronic stamping industry, electrical, wiring and car.

Based on the experience of our employees and capacity of 1,000 m² of our facilities, we are in process of certification under the Precision Parts Production and Stampings in accordance with the requirements of NP EN ISO 9001: 2000.

Turning series

Stamping metal parts

Parts

Mission

Develop and design precision parts and metal stamping parts, which meet the requirements and expectations expected.

Values

Customer satisfaction is the source of the benefit of employees, partners and suppliers, being sought in a systematic way and without limits.

Employees

The collaboration and involvement of our employees are the foundation of our strength, providing the company instruments of motivation, training and updating.

Improvement and Innovation

We seek to achieve continuous improvement in all phases of our processes. We are happy to with customers and suppliers search for the best solutions.

Environment / Society

We are engaged in constant search for solutions that minimize the environmental impact of the activity, ensuring compliance with environmental standards and legislation.

ROUND SMALL FLANGE IN AISI 304

REFERENCE	DIMENSIONS (EXTERIOR x THICKNESS FOR PIPE)
001.304	Ø65mm x 3mm for pipe Ø30mm
003.304	Ø65mm x 3mm for pipe Ø25mm
004.304	Ø65mm x 3mm for pipe Ø20mm
005.304	Ø65mm x 3mm for pipe Ø18mm
006.304	Ø65mm x 3mm for pipe Ø16mm
007.304	Ø65mm x 3mm for pipe Ø12mm
008.304	Ø65mm x 3mm for pipe Ø10mm
009.304	Ø65mm x 3mm (WITHOUT HOLE)
009A.304	Ø65mm x 3mm for pipe Ø35mm
009B.304	Ø65mm x 3mm for pipe Ø32mm
009C.304	Ø65mm x 3mm for pipe Ø33,7mm
009D.304	Ø65mm x 3mm for pipe Ø40mm

SMALL FLANGE CANOPIES IN AISI 304, SATIN FINISH

REFERENCE	DIMENSIONS (EXTERIOR x HEIGHT FOR PIPE)
060.304E	Ø67mm x 11,4mm for pipe Ø35mm
061.304E	Ø67mm x 11,4mm for pipe Ø30mm
